

Nurix Therapeutics to Participate in Upcoming Investor Conferences

May 11, 2021

SAN FRANCISCO, May 11, 2021 (GLOBE NEWSWIRE) -- [Nurix Therapeutics, Inc.](#) (Nasdaq: NRIX), a biopharmaceutical company developing targeted protein modulation drugs, today announced that members of Nurix management team will participate in the following conferences in May:

- **RBC Capital Markets Global Healthcare Conference**

Tuesday, May 18th, at 1:20 PM EDT

Fireside chat: Hans van Houte, Nurix's chief financial officer and Robert J. Brown, M.D., senior vice president of clinical development

- **UBS Global Healthcare Virtual Conference**

Tuesday, May 25th, at 4:00 PM EDT

Fireside chat: Arthur T. Sands, M.D., Ph.D., Nurix's chief executive officer

The discussions will be webcast live and may be accessed via a link in the Investors section of the Nurix website under [Events and Presentations](#). Archived copies of the webcasts will be available on the Nurix website for approximately 30 days after the event.

About Nurix Therapeutics, Inc.

Nurix Therapeutics is a biopharmaceutical company focused on the discovery, development, and commercialization of small molecule therapies designed to modulate cellular protein levels as a novel treatment approach for cancer and other challenging diseases. Leveraging Nurix's extensive expertise in E3 ligases together with its proprietary DNA-encoded libraries, Nurix has built DELigase, an integrated discovery platform to identify and advance novel drug candidates targeting E3 ligases, a broad class of enzymes that can modulate proteins within the cell. Nurix's drug discovery approach is to either harness or inhibit the natural function of E3 ligases within the ubiquitin proteasome system to selectively decrease or increase cellular protein levels. Nurix's wholly owned pipeline includes targeted protein degraders of Bruton's tyrosine kinase, a B-cell signaling protein, and inhibitors of Casitas B-lineage lymphoma proto-oncogene B, an E3 ligase that regulates T cell activation. Nurix is headquartered in San Francisco, California. For more information, please visit <http://www.nurix.com>.
